

MedOne Neurosurgery

The world's most comprehensive
neurosurgical resource

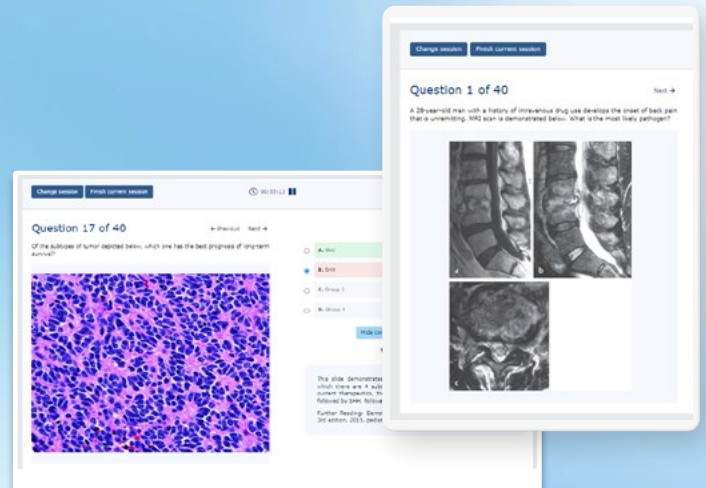

MedOne Neurosurgery is a unique online resource providing the global neurosurgical community with access to an unparalleled collection of resources. As the global market leader in the field, Thieme stays at the forefront of developments to keep practitioners around the world informed about the latest innovations.

Content covering the breadth and depth of neurosurgery for all levels: MedOne is an updated collection that includes hundreds of **books** from renowned surgeons, including Robert Spetzler, Michael Lawton, Peter Nakaji and Nitin Agarwal, **operative videos**, **journal archives**, **cases**, **procedures**, and **board review designed for the ABNS exams**.

With the boards approaching

Quiz yourself with timed Q&A designed for the ABNS Primary Board exam. Review for oral boards, for rounds, and more with a variety of easily accessible board review content – including outlines and cases.

Questions and Answers

Multiple-choice Q&A designed for the ABNS Primary Board Exam comes in an intuitive, interactive interface. With options on timing, exam and question type, users can efficiently and effectively study.

The night before surgery

See a pericallosal artery aneurysm clipped with detailed surgical photos and clear anatomic illustrations, or watch how a CSF leak is managed during MISS. The wealth of videos, images, and text are comprehensive, didactic, and created by expert surgeons.

What MedOne can do

For the neurosurgeon

- Connect to innovative research
- Develop additional clinical skills
- Prepare for an upcoming surgery
- Access up-to-date information from global leaders

For the resident

- Prepare for board exams at your own pace
- Study a breadth of cases
- Review core topics before rounds
- Understand the latest clinical techniques and surgical procedures

For your hospital or department

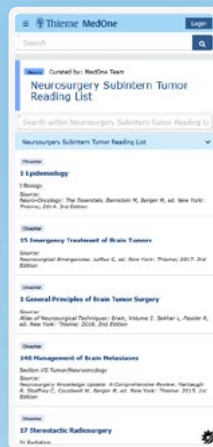

- Promote constant learning among staff
- Improve efficient teaching and quality of care
- Grow individual competencies and understanding
- Increase your appeal to prospective employees

When writing, presenting, or teaching

As you research, download content as a PDF or PPT slide with automatically included bibliographic info that's compatible with reference manager software. Create playlists with any content from MedOne, the web, and share curriculums with students or colleagues.

MedOne Playlists

Save and organize content from MedOne, or link to anywhere on the web. Ideal for personal research and sharing curriculum with students, residents, or colleagues. Plus, pre-made playlists by subject experts curates content for you.

Everyday

Review procedures, cases, browse the latest research, read a chapter or watch an operative video. The depth of content is easily searchable, and with the ability to highlight, take notes, plus access remotely or offline through the MedOne App, you can review the exact information you need, when you need it – making MedOne the ultimate daily reference.

Licensing Options

An institutional license to one of the MedOne platforms comes with the following advantages:

- Available to institutions through the internet
- Several licensing options allow for flexible agreements
- Unlimited campus- or site-wide access controlled through your institution's IP address
- All licenses automatically receive updated content as new titles are released
- Shibboleth and OpenAthens compliant
- MARC records available for download
